Manpower Management Information Systems Division

Col P.D. Bennett, Director, MI Division

2004 MCTFS Pay and Personnel Conference

9 March 2004

MI Division Mission

- To plan, program, budget, and maintain Manpower Automated Information Systems for the DC M&RA and to manage personnel administration systems Marine Corps wide.

MI Division Responsibilities

- Policy
  - Occ Field Sponsorship – WO and Enlisted
  - Orders – PRIM / IRAM / Codes / MCAP / ACTS Manual
- Fielded systems
  - MCTFS, UD/MIPS, ODSE, Marine OnLine/TFAS...
- Emerging systems
  - DIMHRS, DTS, ...
- Other
  - MISSA and MISSOs
  - MCAATs
  - DMDC

Issues

- Policy
- Manpower/Personnel
- Systems

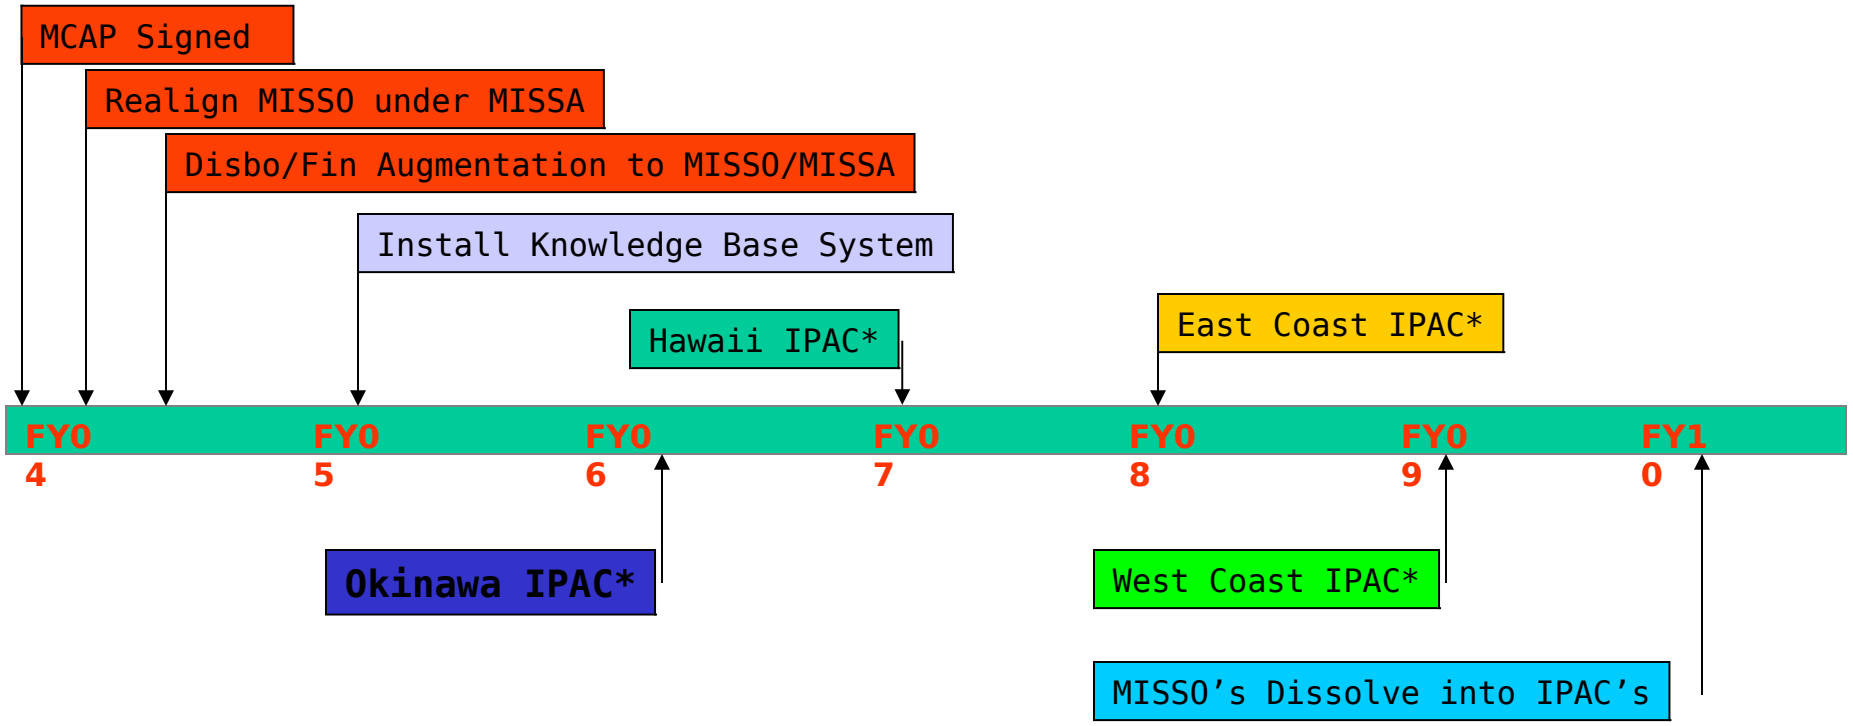
Policy

- Draft MCO P5000.14D (MCAP) pending signature.
- Personnel Administration function consolidates at IPACs in the supporting establishment.

Personnel

- MARADMIN 24-04: Military-Civilian conversions
- Return Marines to the operating forces
- FY04: 657 (A-76, NMCI, HQMC, SYSCOM)
- FY05: 1,372
- Number of administrators not yet known

Future Infrastructure



*Possible Merge of MISSO into IPAC's

Systems Perspective

- What systems are being implemented and how will they impact the Administrative community?
  - Defense Integrated Military Human Resources System (DIMHRS)
  - Defense Travel System (DTS)
  - Total Force Administration System (TFAS) / Marine On-Line
  - Document Tracking Management System (DTMS)

Systems Integration

- Pay and personnel module (web module) within Marine OnLine will replace UD/MIPS and RAPTRS.
- Develop deployed / disconnected capability
- Integrate ROWS into TFAS / Marine OnLine
- REPORTNET replaces Cognos.

Systems Integration

- Integrate DTMS and Marine OnLine through a Single Sign-on Capability.
- Add the waiver process and individual Marine in DTMS workflow.
- Integrate MCASSP and Marine OnLine to support entire separation process.

Evolving Systems

- DIMHRS development and its relation to current development efforts, especially TFAS
